EXPANDABLE BASE INSURANCE

for Expatriates in Sweden and their accompanying families

We at If feel that everyone working or residing in Sweden deserves a sufficient and flexible insurance cover.

Our insurance is especially designed for embassy personnel in Sweden – and foreigners who are working or studying in Sweden.

ADVANTAGES

- Specially tailored for embassy personnel and foreigners who are working or studying in Sweden.
- Also available for accompanying family members.
- Basic insurance covers medicine and travel expenses in e.g. acute toothache.
- Can be combined with home insurance, luggage and travel insurance.

HEALTH INSURANCE

In case of sickness or accident the insurance covers medical treatment and related travel expenses in the Nordic countries. The same applies to acute toothache.

ADD-ON COVER

Home insurance secures your personal belongings against e.g. theft, robbery and in case of domestic fire. You can add luggage insurance for damaged and/or stolen goods. If your baggage gets lost during travel, you will be compensated.

PREREQUISITES FOR BUYING INSURANCE

When applying, fill in a medical statement. Even if you are not in full health we can usually offer you insurance with certain limitations or an increased premium. The insurance takes effect immediately after approval.

EXCEPTIONS

The insurance does not cover expenses related to e.g. pregnancy checks, childbirth or abortion. Preventive healthcare, vaccinations and normal dental care are also not included. Certain dangerous activities and elite sports are not insured, although you may buy additional cover for most of them.

Injuries caused by warfare, in armed conflict or in connection with nuclear energy are also excluded, as are injuries that have been wittingly caused by insured themselves. Contact us to find out more.

HOW TO PURCHASE

Simply call insurance advisor or our customer service at 0771-56 00 00 or email foretagscenter@if.se and we will contact you.
